REVISED SCHEDULE FOR NIGHTTIME BRIDGE WORK IN BEDFORD
WILL REQUIRE BRIEF ROUTE 3 CLOSURES FOR THREE NIGHTS

The New Hampshire Department of Transportation announces planned nighttime structural steel work on the NH Route 101 eastbound bridge over US Route 3 in Bedford will require periodic closures of Route 3 for three nights in June.

This steel setting work will take place the nights of Monday, June 7 through Wednesday, June 9, 2004 from 9:00 PM through 6:00 AM each night. It will require the closing of US Route 3 (South River Road) near and under the bridge for several 15 minute time periods. This night work had previously been scheduled for a week earlier.

This work is part of a project that is replacing both the NH Route 101 eastbound and westbound bridges over US Route 3 in Bedford. Audley Construction, of Bow, New Hampshire is the general contractor for the \$14.8 million project, which has a final completion date of June 2006.
